Ms. X, Mr. Y,

Use this paragraph to explain your reasons for organizing a fundraising activity. If you have a personal connection to La rue des Femmes, please explain briefly.

It is for this reason that I decided to take part in the *Together...healing homelessness!* challenge to enable La rue des Femmes to continue providing care and shelter to women in a state of homelessness. My goal is to raise [fundraising goal]. You can help me reach my goal by donating [amount of donation requested].

For 27 years, LrdF has been welcoming and caring for women in a state of homelessness or at risk of becoming. Survivors of severe trauma, these women who knock on their door are in a state of chronic post-traumatic stress: they are broken, they have lost their relational health - the vital ability to be safe and connected, with themselves and with others.

In 2020, 1,091 women in a state of homelessness were welcomed, housed and cared for in one of the three houses. In addition to meeting basic needs, they received over 45,000 hours of relational health intervention, and continue their journey to recovery. During this same period, LrdF turned away 5,430 shelter requests due to lack of space.

La rue des Femmes needs us... more than ever!

Thank you for your collaboration and I remain available to talk to you more about my project.

Sincerely,

[Your name]
